

SPRAY BRAKE CLEANER

Description

BENZOL® Spray Brake Cleaner is a universal cleaner for the automotive industry, which cleans, degreases and evaporates without leaving residues. Brake Cleaner quickly and effortlessly degreases and cleans metals, glass and many plastics. It removes oily and greasy impurities and residues. Brake Cleaner can be used on brakes (drum and disc brakes, brake pads, brake blocks, cylinders, springs and bushings).

Applications

BENZOL® Spray Brake Cleaner can be sprayed directly onto components like discs, drums, calipers, pads, and linings to remove grease, oil, brake dust, and fluid residue. For stubborn deposits, gently agitate with a brush.

Direction to Use

- Use in a well-ventilated area
- Spray brake parts liberally and allow them to run off
- Air dry or dry with soft, clean cloth
- If necessary, repeat applications.
- Protect painted surfaces from overspray

Performance Benefits

- Removes brake fluid, oil, and grease effectively
- Fast-drying with no residue
- Reduces brake noise and vibration caused by buildup
- Enhances brake safety and response
- Suitable for most metal brake system components
- Simplifies cleaning without disassembly

Product/Part Number

BR10000104 12 x 500 ML

Technical Specifications

Tests	Results
Appearance	Liquid
Odor	Solvent
Color	Colorless
Density at 25°C, kg/ml	0.750
Vapor Pressure at 20°C	13.83
